COLLEGE

Welcome Parents and Families!

Thank you for joining us for First-Year Family Weekend. Over the next few days, as you spend time on campus, you will have the opportunity to glimpse the transformative power of Harvard College that our students experience each and every day. The opportunity to visit classes and engage in discussions with faculty members will offer you a sense of where the intellectual transformation begins for our students.

At the same time, the many open houses, receptions and the Harvard football game will give you a chance to see how the College community comes together in ways that support the social transformation of our students. And finally, we hope that your time on campus meeting your student's peers and their families will open a window to the rich diversity of experiences and perspectives that contribute to the personal transformation for our students. We hope you have a chance to take advantage of all of these opportunities and we wish you a memorable weekend.
